Aha!: The Realization Book. If you are mirroring your life in a way that is not desirable, this book can help you locate murky areas and make them "suddenly . . . crystal clear.". Readers will find it an exciting step-by-step path to changing and evolving their lives.

### Aha!: The Realization Book by Janet McClure

What is a realization? It is the bringing together, making real, and understanding of where you are now with respect to a certain area of your life, usually a certain large area in your life. Suddenly something that you didn't see or understand previously becomes crystal clear, especially to the mental body.

### Aha! The Realization Book | Light Technology Publishing

Very practical book on dealing with those "Aha" moments that signal something in your life is off, out of whack, or headed for disaster. The author deals with the subject with humor, examples from his own life, and from a man's voice. Easy to read and for most of us, necessary to read.

This week I was reading A Day in the life of an Enterprise Architect. It is a very good introductory article to what the daily events, tasks, and challenges are for professionals in this field. After reading through it, I found myself attached to the opening paragraph regarding "regulatory bodies that impose compliance guidelines on..."
