Operation and Maintenance Manual

The Caterpillar 3126 engine is a CAT engine that was used for light and medium duty uses. It was used in everything from boats, cranes, over the road trucks and ambulances to RVs and buses. It is based on an earlier design (3116), and when it was retired, the CAT C-7 was based on it and was it's replacement.

The Caterpillar 3126 Engine - Joey Novak

I'm just trying to figure out if the most recent heat exchanger is the answer to the problem once and for all. A broker told me that the 3196 was basically a truck engine and never was intended to be a marine application and that started all the problems. He said CAT used customers for the R & D.

10 Best and Worst Diesel Engines in History. Ah the elusive diesel engine: power, strength and the raw horsepower to get the things done. You can't go wrong with diesel and in this author's humble opinion you're already way ahead of the curve if you go diesel vs a puny gas engine.

10 Best and Worst Diesel Engines in History

The main focus of the suit is the Caterpillar 3196, which the company has described as the ideal engine for yachts 40 to 60 feet long, according to the newspaper. The suit was brought by Detroit businessman James Jaikins, who alleges that his Riviera 48 yacht contained two Caterpillar 3196 engines when a 2003 engine explosion and failure nearly stranded him between Florida and the Bahamas.
