### Introducing Neurolinguistic Programming Nlp A

Neuro-Linguistic Programming is a pseudo-science that has dramatically improved the way that I approach business and social scenarios with confidence and success. NLP is an approach to communication that focuses on the link, hardwired in our brains, between language and behaviors. In that way, this book is more of a toolkit than a textbook.

### Introducing NLP: Psychological Skills for Understanding ...

The book provides a highly accessible introduction to the techniques of neurolinguistic programming in nicely digestible chunks. It is an eye opener in many ways, especially as it is mindful in telling you that you can't use this to change other people, but you can change yourself so that other people relate to you better.
