Edited transcript of Andrew McLaughlin, posing a hypothetical argument about the Digital Divide. Let me start off today's session by making the case against caring about the digital divide,

Download File PDF The Digital Divide Arguments For And

at least in that sense. As you probably will guess, all of us that are up here think something different than what I am about to say, but let me start off by making this case.

Module I - Hypothetical Argument on Digital Divide

The Digital Divide, or the digital split, is

Download File PDF The Digital Divide Arguments For And

Against Facebook Google
Testing Age Of Social Netw
Rking Mark Bauerlein

a social issue referring to the differing amount of information between those who have access to the Internet (specially broadband access) and those who do not have access. The term became popular among concerned parties, such as scholars, policy makers, and advocacy groups, in the late 1990s.

Digital Divide - ICT Information Communications Technology

First of all, saying there is a “digital divide” presumes a shared understanding of that term and there’s not one. The original NTIA report from 1998 defined “digital divide” as someone with a desktop computer with (dial-up) Internet access.
