Total Recall How The E

In Total Recall he paints a picture of a world where computing is far more personal than anything we have seen so far, where digital memory appliances supplement the human mind and store all the details of your life. Like much of Gordon's work it is a characteristically bold and exciting vision of computing.

Total Recall: How the E-Memory Revolution Will Change ...

Total Recall seemed both cutting edge and out of dates - all in one. Out of date (for me) because I'm on the leading edge of the e-memory revolution; cutting edge because his vision of where e-memories will take society are amazing.

Fond memories of Paul Verhoeven's "Total Recall" kept coming back while watching this remake. Arnold Schwarzenegger's screen presence was also an added plus in the 1990 film, as well as the one-liners, Mars and of course heaps of bloody violence. If you've seen the original, then you know how it goes.

Total Recall (2012) - IMDb

Talk a good few years for a director, he not only changed sci-fi with Robocop, he did it again with Total Recall. Verhoeven will never, ever win an Oscar for best director, but his movies will at least be entertaining in most respects. 98 of 145 people found this review helpful.
