Starting from the premise that `quality` is a relative and dynamic concept based on values and beliefs, Valuing Quality in Early Childhood Services examines how the definitions of quality are established and who is involved in their establishment.

### Valuing Quality in Early Childhood Services

The value of early childhood education is that it gives children a good foundation on which to build for their succeeding years in school – besides academics, students develop a good sense of self and family, and learn that their actions, no matter how small, can help make the world better.

### The Value of Early Childhood Education - League of ...

Quality as a concept in early childhood education is a worthy target, in terms of licensing requirements. There is, however, a balance in my mind between meeting these concepts through ensuring that all criteria are met to the utmost and actually identifying and CELEBRATING what makes the life-force of each centre very unique.
