Zebra ZT230 Manuals

Zebra Programming Language is a page description language from Zebra Technologies. It is used primarily for labeling applications. The original ZPL was advanced to ZPL II, but a full compatibility with the older version is not given. Meanwhile, ZPL II is emulated by many label printers of various producers. Later, the Zebra Basic Interpreter was integrated into printer software, which is seen as an advancement to ZPL II by the producer and is ANSI BASIC oriented. Primarily, it is intended to avo

Zebra (programming language) - Wikipedia

ZBI 2.0™ — Zebra Basic Interpreter Customize and enhance your printer with ZBI 2.0™ optional programming language. ZBI 2.0 allows Zebra printers to run applications and take input from scales, scanners and other peripherals—all without a PC or network connection.
